Thank you for your interest in the Foreign Broadcast Information Service. We received your resume and, although we do not hire technical translators as such, we do have occasional openings for general translators in the languages you cite. You indicate that you will be available in September of 1981, but you do not indicate if you will be in the United States at that time. We do not hire from overseas, because of the extensive testing and administrative tasks involved. If you plan to be in Washington, D.C., however, let us know and we will make an appointment for an interview.

Sincerely,

Director
